csforall@pdxstem.org

WHEN/WHERE:

Providers must offer the programs outside of the school day. Programs can occur after school, on non-school days, during spring break, or during the Summer of 2023. The students must experience the entire activity prior to September 2, 2023.
Applications due December 16, 2022.

WHY:

- **Increase access** to CS education, especially for girls and students of color.
- **Increase the diversity** of students participating in CS opportunities.
- **Support equity-based systemic change** in CS education.
- **Strengthen engagement and sense of belonging** in CS opportunities and careers.
- **Engage community** based organizations to plan, implement and build culturally relevant instruction and sustainable CS programs.
